## WATCH ON YOUR TV

Some Smart TVs or streaming video devices, such as Apple TV, Amazon Fire (Fire Stick or Fire TV), Roku and some IPTV boxes which run the YouTube App, will be able to view the Live Video.

To Watch on a Smart TV/Apple TV, Roku etc using the YouTube App:

Download the YouTube app from the devices app store if required, many Smart TVs have the YouTube app in built as standard.

You may need to login or create a YouTube account to be able to use the YouTube app.

Open the YouTube app and search for 'Crystal Palace Festival'. Once the Live stream has started this will be available to watch and will say LIVE in the corner of the video.

An Apple TV can also mirror an Apple Mobile device by using Airplay Mirroring. To watch Facebook Live, YouTube Live or the Webpage Video Stream via Apple TV:

Access the live video on the mobile device as per steps above and ensure playing on the mobile device.

Use airplay mirroring to mirror the mobile device screen onto the Apple TV on the same WiFi network. This is done by swiping up or down on your mobile device, depending on which device and software it is using, and selecting 'Screen Mirroring', then choosing the Apple TV device in the available list.

You can also cast from YouTube or Facebook if you have Chromecast or Cast Enable on your TV. Look for the Cast icon on Facebook or YouTube videos to connect.
